

Introduction to CS for Data Science

HW4 – Jupyter and Numpy

Read the following guidelines carefully:

- a. In addition to these instructions the submission zip contains several images that must be placed in the same location as the given jupyter notebook for it to work.
- b. The jupyter notebook contains all the questions for this exercise and you should follow all the instructions that are written in it.
- c. This exercise is to be submitted individually.
- d. All answers must be written inside the jupyter notebook.
- e. All submissions must only include the jupyter notebook and must be named with your id, for example ‘123456789.ipynb’.
